THE SKIN HOSPITAL BIRMINGHAM
(INCORPORATED)

SIXTY-SIXTH
ANNUAL REPORT
(ABRIDGED)
1946

OUT-PATIENTS AND
OFFICES:

JOHN BRIGHT STREET
BIRMINGHAM, 1

Telephone: MID. 5921-2

IN-PATIENTS:

GEORGE ROAD
EDGBASTON, 15

Telephone: EDG. 2286

HISTORICAL.

THE HOSPITAL is one of the four special skin hospitals in the country, others being situated in London, Liverpool and Manchester.

1881 : Founded as an Out-patient Clinic in Newhall Street.

1888 : Removed to John Bright Street.

1892 : Opening of full In-patient Department of twenty-two beds.

1901 : Inauguration of X-ray and Electro-Therapeutic Department.

1921 : Installation of Deep X-ray Therapy for the treatment of Cancer.

1926 : Transfer of Nursing Staff to Hostel.

1935 : Closing of Wards at John Bright Street and opening of Extensions at George Road, Edgbaston, comprising New In-patient Department of fifty beds, Deep X-ray Therapy Department for the treatment of Cancer, and the Nurses' Home.

1936 : Internal reconstruction of the Out-patient Department at John Bright Street.

1938 : Bed complement increased to fifty-nine.
Deep X-ray Therapy Department discontinued.

The Hospital's position as an integral part of the health services of the Midlands is illustrated below, every part of the Midlands being recorded in the attendance lists.

REPORT OF THE BOARD OF MANAGEMENT

FOR THE YEAR 1946

THE Board of Management takes pleasure in presenting to the Governors and Subscribers the sixty-sixth Annual Report and Statement of Accounts, together with a resumé of the work of the Hospital for the year 1946, the Report and Statement being again abridged. Your Board regrets its inability therefore, fully to acknowledge many acts of individual effort and to detail the many aspects of the Hospital's activities.

Your Board is pleased to report that Alderman L. G. H. Alldridge, O.B.E., J.P., is continuing as President, his interest in the affairs of the Hospital and his active participation in its administration being of inestimable value.

Mr. K. Abrahams and Mrs. L. C. Wright, the latter representing the Birmingham Hospitals Contributory Association in the place of Mr. W. Thom, removed from the district, have joined the Board. Mr. W. Randell represents the Birmingham Hospital Saturday Fund in place of Mr. A. J. Spiller. The latter has been re-elected as a member of the Board. These additions to our ranks are welcome.

Mr. E. White and Mr. P. B. Brown have resigned from the Board owing to pressure of other business. Their departure is keenly regretted, Mr. White having rendered ungrudging service in many ways during the past fifteen years. His name is linked in perpetuity with the Hospital by means of the "Mr. and Mrs. Edwin White Cot" in the Children's Ward. Mr. P. B. Brown joined the Board in 1941 and actively associated himself with its important Appeals Work, in which connection he rendered most valuable service.

Mr. Arthur Smith, whilst retaining his seat on the Board, did not offer himself for re-election as Honorary Treasurer and has been succeeded in this office by Mr. E. P. Major. Mr. Smith served fourteen years in this capacity, having assumed office in 1932, during which time he played an energetic and enthusiastic part in all the varied activities which finally culminated in the opening of the new Hospital at George Road, Edgbaston, and the internal rebuilding of that at John Bright Street.

Dr. Cranston Walker, M.B., Ch.B., B.Sc., has been appointed Honorary Consulting Physician to the Hospital on relinquishing

his appointment on the active Honorary Medical Staff after twenty-five years' service as an Honorary Physician. Your Board has placed on record its sincere appreciation of Dr. Walker's loyal and devoted service to the Hospital and to its patients.

The necessary reorganisation of Out-Patient Clinics and other relevant matters has not been finally decided, but the appointment of an Assistant Physician has been approved and preliminary consultations concerning the appointment of a Stipendiary Pathologist have taken place between the University and the Hospital.

The death of Lady Smith, widow of the late Alderman Sir Frederick Smith, J.P., is recorded with profound regret. In her passing, the Hospital, its patients and staff have lost a very real friend, one whose numerous acts of kindness and personal charm endeared her to all. She served the Hospital in many unobtrusive ways, always preferring that her acts of kindness should remain anonymous. As an active member of the Ladies Linen League, Lady Smith's service will be remembered with gratitude by those with whom she worked so loyally.

The death has occurred of Mr. H. Sumner, who retired some years ago after serving thirty-five years as Secretary of the Hospital. Your Board has recorded its regrets and condolences with Mrs. Sumner and relatives.

During the year the Hospital organised its third Flag Day Appeal, the result of which is to be found on page 14. Your Board records its sincere thanks to the Depot Superintendents, Collectors, those firms who so kindly arranged collections on their premises, and to all who assisted in the work involved.

Miss E. Baker and her Nursing and Domestic Staffs again organised a Bazaar and Jumble Sale which took place at the George Road Hospital, your Board recording this further sign of the spirit of helpful co-operation which exists throughout the Hospital.

The members of the Ladies Linen League continue their generous interest on behalf of the patients, your Board recording with pleasure the many extra comforts which have been provided for the Children's Ward and for many other practical deeds of kindness which have added to the comfort of the patients as a whole and of the staff. The exceptional difficulties under which these ladies continue their splendid work is recognised in full.

The work of the year, again showing increases in many Departments, is outlined in skeleton on page 1, the 648 In-patients being a

comparative decrease of 68, the Women's Ward having been closed for four weeks during painting and renovating. Cases requiring surgical procedure numbered 221 against 229, whilst Laboratory investigations, despite the decreased number of patients numbered 976 against 1,027. The Out-patient clinics show a slight decrease in new patients, their numbers, 14,105, being a decrease of 75. Out-patient surgical operations show an increase of 16, from 798 to 814, Laboratory investigations numbering 3,533, an increase of 100. In-patients and Out-patients Statistical Tables will be found on pages 18 and 19, from which will be obtained the detailed comparative cost of these two services.

The Revenue Account, which is to be found on pages 14 and 15, is as usual compared with the previous year, but comparison is again afforded with the year 1938 in order to illustrate the striking disparity between the finances of the first complete post-war year and of that immediately preceding its outbreak. Comparing 1946 with 1945, ordinary income decreased by £57 to £19,155, despite increases under some headings. The largest decline being the Flag Day receipts, adverse weather and other factors causing a drop from £1,202 to £589, a loss of £613.

The major fluctuations in Ordinary Expenditure are as follows :—

| | 1946 | 1945 | + or — |
|--------------------------------|--------|-------|---------|
| | £ | £ | £ |
| Surgery and Dispensary | 2,726 | 1,853 | + 873 |
| Domestic | 2,932 | 2,715 | + 217 |
| Salaries and Wages | 11,304 | 9,374 | + 1,930 |
| Miscellaneous | 770 | 601 | + 169 |
| Administration | 2,214 | 2,068 | + 146 |
| Establishment | 1,097 | 938 | + 159 |
| Finance | 734 | 996 | — 262 |

Interest 1938-1946 comparisons are as follows :—

INCOME.

| | 1938 | 1946 | + or — |
|---|--------|--------|---------|
| | £ | £ | £ |
| Total Ordinary Income | 14,645 | 19,155 | + 4,510 |
| Voluntary Gifts | 3,173 | 4,677 | + 1,504 |
| Birmingham Hospitals Contributory Association | 8,386 | 7,940 | — 446 |
| Other Contributory Schemes | 1,122 | 2,464 | + 1,342 |
| Registration Fees | 505 | 725 | + 220 |
| Private Wards | 801 | 1,366 | + 565 |
| Public Authorities | 42 | 489 | + 447 |

EXPENDITURE.

| | 1938 | 1946 | + or — |
|----------------------------------|--------|--------|--------|
| | £ | £ | £ |
| Total Ordinary Expenditure | 14,862 | 24,449 | +9,587 |
| Provisions | 1,801 | 2,670 | + 869 |
| Domestic | 2,190 | 2,932 | + 742 |
| Surgery and Dispensary | 1,401 | 2,725 | +1,324 |
| Salaries and Wages | 7,416 | 13,064 | +5,648 |

The 1946 excess of Ordinary Expenditure over Ordinary Income is £5,294 as compared with £2,005 in 1945, an increase of £3,289 the heaviest annual deficit in the history of the Hospital. It will be seen that the most substantial increase recorded above is under "Salaries and Wages," the £5,648 increase over 1938 representing 59 per cent of the comparable total increase of £9,587.

Extraordinary income, i.e., free legacies and exceptional donations, amounted to £672, details being found on page 16.

Reverting to the 1946-1945 comparisons, the Birmingham Hospitals Contributory Association provided £7,940 as against £7,418, an increase of £522. "Other Contributory Schemes" outside Birmingham contributed £2,464 as against £2,684, a decrease of £220. 41.4 per cent. of the year's ordinary income, has therefore been provided by the "Birmingham Hospitals Contributory Association," Contributory Schemes as a whole providing 54.3 per cent., which compares with 52 per cent. for the previous year. Your Board takes pleasure in placing on record its appreciative thanks to the officers, contributors and voluntary workers of the "Birmingham Hospitals Contributory Association," together with its Industrial Section, the "Birmingham Hospital Saturday Fund." It extends its thanks to the many Contributory Schemes outside Birmingham, whose contributions now play a not unimportant part in the finances of the Hospital.

Whilst the Education Act, 1944, Section 48 (3), provides a new source of revenue under "Receipts on account of Services Rendered," it has not been possible to carry to the 1946 Revenue Account sums already received. The Act provides for the "free" medical treatment of all school children attending maintained schools the provision of such treatment becoming the responsibility of the local Education Authorities. By virtue of an agreement negotiated on a National basis, Voluntary Hospitals will be reimbursed to the extent of 75 per cent. of the maintenance cost of such treatment, a scale of medical fees being also laid down. Retrospective to the 1st April, 1945, the Act relieves Contributory

Schemes and similar organisations of responsibility for such treatment as from that date. Relieved of this responsibility it is expected that during 1947 the Birmingham Hospitals Contributory Association will be enabled to meet a higher percentage of the cost of claims in respect of its adult contributory patients. The arrangements outlined above are without prejudice to any arrangements introduced under the National Health Service Act and are subject to review by the Association of Local Authorities concerned and the British Hospitals Association at the end of the year 1947.

Annual subscriptions have not only been maintained during the year, but have continued to increase, this income at £2,221 comparing with £1,557 in 1938 and with £850 in 1935, the year in which the new Hospital at George Road was opened. Voluntary donations, always a fluctuating source of revenue, decreased by £74 over the previous year, but show an increase of £170 over 1938. Not included in the above figures is an anonymous donation of £200 placed to the credit of the Legacies and Exceptional Donations Account, which was received by registered parcel-post. It consisted of one pound and ten shilling notes, no clue being given as to the identity of this generous donor, even the postmark of the district in which it was posted being unintelligible except that it was a district in Birmingham.

Your Board suitably acknowledged this kindly and thoughtful gift through the medium of the Press, and in especially mentioning this occasion, is not unmindful of its numerous loyal and steadfast friends and supporters who, throughout the years have maintained, and whenever possible, increased their practical and disinterested support of the Hospital. This support has been a decisive factor in the Hospital's development during the past twelve years.

Your Board is alive to the many additional responsibilities which the expanding work of the Hospital, coupled with present day conditions in general, imposes upon the Medical, Administrative, Nursing, Dispensary, Laboratory and other staffs and records its appreciation and thanks. It realises the difficulties under which the Honorary Medical Staff has been called upon to labour due to the expanding work of the Hospital, to which expansion there appears no end. The Nursing and Domestic staffs problem is still with us and the successful measures adopted by Miss E. Baker, the Matron, to cope with the day to day problems of lack of staff are worthy of commendation. Miss M. Stagg, who served the Hospital in various capacities during a period of nineteen years and so ably filled the office of Assistant Secretary for five years during the war,

has resigned and taken up the appointment of Secretary to the Moseley Hall Convalescent Hospital. She takes with her the best wishes of the Board and her late colleagues. Your Board is gratified to extend a welcome to Mr. A. Sharples, the Assistant Secretary, who has returned after five years in the Royal Air Force. It hopes that his absence on Active Service will prove not to have hampered his career in the Hospital world and congratulates him upon his appointment by examination as an Associate Member of the Institute of Hospital Administrators.

The National Health Service Bill, having now become an Act, it is possible to assess the improvements made in the interest of the patient in the progress of the Bill through Parliament, to look at it from the point of view of those associated with hospital work and, briefly, to see how the " Hospital and Specialist Service " will work. Alterations to the Bill made in Parliament will, it is generally thought, remove a genuine fear that the interest of the patient would come second to the requirements of National administration and that local pride and continued interest in the work of hospitals would be largely, if not wholly, destroyed as a consequence of State ownership. Much will, however, depend not only upon the regulations yet to be made by the Minister and in due course approved by Parliament, but upon the men and women upon whom will fall the task of transforming the Act into a thing of flesh and blood with none of the " humanities " stultified, but rather improved upon and added to.

It is important to the patient that he shall continue to look upon the local hospital as his own, although he will realise that under the Act it may work closely with other hospitals in a co-ordinated service for a larger district. This cannot be so unless local people are encouraged to continue their interest in the work, service, management and general welfare of their hospitals. In an effort to achieve this end, the Act now provides that the new Management Committees to be appointed will have the duty of controlling and managing their individual hospital or group of hospitals and that such Management Committees will be composed of local people with local knowledge. In the Minister's own words, " The Management Committee . . . is the vital element in the administration " and the importance of this revision cannot be over-estimated in its effect upon the interests of the patient, the efficiency of the service, the welfare of the staff and the incentive thus given to public spirited men and women to serve as members of Management Committees.

When the Regional Boards are appointing the first Management Committees of non-teaching hospitals, or the Minister is appointing the first Boards of Governors of teaching hospitals both will be under obligation to consult with the present governing bodies of each voluntary hospital concerned, members from which will be appointed to the new Committees and Boards. Later, when vacancies need to be filled, the Regional Boards will be under statutory obligation to consult the Management Committees. Further, they have now been given the privilege of legal corporate entity, and the Minister has given assurance that regulations will empower Management Committees to appoint practically all the hospitals' officers, except senior medical staff, and last but not least, will have a definite control over the spending of monies in their own hospitals.

Regarding future finance. Management Committees will budget the annual cost of their hospital or group of hospitals and when approved, will receive lump sum payments, for the expenditure of which they will be responsible to the Regional Board. These lump sums will be sufficient to cover the essentials of the service, but in addition each Management Committee will, on the Appointed Day, receive a proportion of the monies paid into the Hospitals Endowments Fund which the Minister will redistribute to Management Committees, the amount of each share being at his discretion. Management Committees will have full discretion in the expenditure of such monies, subject, as far as possible, to the observance of trusts. Annual maintenance costs being met fully by the State, there will thus be a nucleus of monies with which to make improvements and innovations and for the purpose of medical research. This re-allocation of past benefactions will occur once, and once only, i.e., on the "Appointed Day."

Management Committees will become responsible for gifts of the undermentioned character, made after 6th November, 1946, the date of the passing of the Act, and will apply these monies locally, according to the general or specific intention of the donor :—

- (a) For the administration of the property (i.e., gifts) as a capital fund separate from the general funds of the Hospital.
- (b) For the application of the property (i.e., gifts) for some specific object distinct from the general purposes of the hospital and involving expenditure of a capital nature.

The Hospitals Endowment Fund referred to above will be formed and operated as under. All monies already given to non-

teaching hospitals, or in other words their capital assets, will, by virtue of the Act be transferred to the Minister and will, on the "Appointed Day" be put into a National pool and redistributed, it being expected that the "Appointed Day" will be in April, 1948. Management Committees will have full discretion in the expenditure of such monies, subject as far as possible to the observance of trusts, that body being, therefore, not only free to assess the most important needs of its particular hospital, or group of hospitals but will have—as distinct from the resources of the State—a nucleus of monies expendable in its own discretion to meet those needs, to make improvements and innovations, and for the purpose of medical research.

On and after the "Appointed Day" the new Management Committees will possess the power to receive gifts and legacies of money or property and independently to administer such gifts as trustees on behalf of their hospital or group of hospitals. It will be unnecessary to make gifts to hospitals for general maintenance since this will be paid for by the State. But it is certain that the individual hospital in the new Service will have needs not covered by the State payment, which will require to be met in the present spirit of voluntary giving and community service. For example, it is obvious that the almost limitless needs of medical research could never be met solely from the tax payers' money. There will always be need for more money to enable progress to be made both in medical science and in the many aspects of progressive hospital service and administration.

The Minister has already taken the first step in setting up the requisite administrative machinery and for this purpose, has divided the country into fourteen hospital areas, to each of which will now be appointed a Regional Board with the responsibility for the planning, co-ordination and provision of hospital services in their areas as against the control of hospitals. The Minister points out that the areas should be comparatively large in population and have the natural University Medical Centre as the focal point. He has been guided in this matter by the reports of the Hospital Surveys recently carried out.

The Birmingham area is as follows: Counties of Hereford, Salop, Stafford, Warwick and Worcester, County Boroughs of Birmingham, Coventry, Dudley, Smethwick, Stoke-on-Trent, Walsall, West Bromwich, Wolverhampton and Worcester.

At the moment of writing your Board has received no official intimation as to the future status of your Hospital, although

representatives of the hospitals concerned have met in a conference called by the Dean of the Medical Faculty to discuss this matter. If your Hospital is given the status of a Teaching Hospital for graduate and post-graduate studies, it will become one of the group of hospitals designated "Teaching Hospitals" and will come under the control of the Board of Governors of the Teaching Hospital. Alternatively, if not regarded as such, it will come under the Regional Board, which in turn will appoint a new Management Committee to manage it either singly or within a group of other Hospitals, which Management Committee in turn will appoint a separate House Committee to manage the day by day affairs of the individual hospitals.

Your Board trusts that the foregoing brief explanation of the Act now about to come into operation, differing as it does from the Bill in many important respects, will give fresh encouragement to its generous friends and supporters and to any who in the past year may have refrained from supporting or making gifts to the Hospital. At the risk of repetition your Board again points out that it would indeed be a calamity if before your Hospital became absorbed in the National Service it were to lose its present financial support and thereby the interest of its well wishers and supporters. Speaking of the new Service as a whole, it is certain that it will derive much of its vitality and its humanity from the extent to which the public continue to give both its interest and its support.

CHARLES E. AMPHLET,
Chairman, Board of Management.

THOMAS E. MURTAGH,
House Governor and Secretary.

MEDICAL COMMITTEE REPORT.

FOR THE YEAR 1946

VERY probably this commentary will be the last from this Hospital as one of the Voluntary Medical Institutions of the City. The Voluntary Hospital system, whatever its shortcomings, has for over a century provided the best medical and surgical treatment of the day to everyone who could not obtain it in other ways. The anticipated National Health Service Scheme is not likely to improve on this, though conditions may differ.

The first year of peace has not shewn any lessening of the Hospital's work. We have seen fewer occupational diseases of the heavy industrial type so frequent during the war, but this has been offset by skin diseases arising from deterioration in the diet, particularly during the last year. The nutritional value of the British diet is lower than it was a year ago, especially the decline in fats and sugar. This lessening of nutrition has caused an increase in the dry scaly eczemas, replacing the scabies and impetigo of the war years.

During the year no increase in Out-patient or In-patient accommodation could be provided, so no additions to Hospital work could efficiently be undertaken.

The Plastic Surgery Department, of which Mr. J. N. Sankey, F.R.C.S., is in charge, has increased its work, particularly in the treatment of naevi and lupus vulgaris.

The Pathological Laboratory, in addition to its routine investigations, has pursued a research into the distribution of fungous disease in the Midlands, which is still proceeding.

The Hospital has lost the active services of Dr. Cranston Walker, who retired after a quarter of a century's work as Honorary Physician and Pathologist. To his patients and colleagues, this is a great loss, even though we still have his help as an Honorary Consulting Physician.

The teaching of medical students and graduates has continued and this has been acknowledged by a grant to the Hospital from the University Grants Committee.

E. BAYLIS ASH,
Chairman, Medical Committee.

REPORT OF THE AUDITORS TO THE GOVERNORS OF THE SKIN HOSPITAL BIRMINGHAM.

In accordance with Section 134 (1) of the Companies' Act, 1929, we beg to report that we have audited the Balance Sheet as above set forth. We have obtained all the information and explanations we have required and in our opinion such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Association's affairs according to the best of our information, the explanations given us and as shown by the books of the Association.

LIST OF SUBSCRIBERS 1946

The Board will be greatly obliged if Subscribers will kindly forward their Subscriptions either by cheque, money order, or by postal order made payable to the order of The Skin Hospital Birmingham.

By kindly forwarding to the House Governor the form on page 27 for payment through their Bankers, subscribers will materially assist in the collection of subscriptions and reduce cost of collection.

The House Governor will be obliged if any errors or inaccuracies in this list are pointed out to him in order that they may be corrected.

(Signed) T. MURTAGH,
House Governor and Secretary.
16th April, 1947.

CONTRIBUTION FORM

TO THE HOUSE GOVERNOR,
THE SKIN HOSPITAL, John Bright St., Birmingham 1

I enclose a Cheque (or Postal Order) for :—

the sum of £.....:.....as an Annual Subscription.

the sum of £:.....as a Donation to General Fund.

the sum of £.....:.....as a Donation to the Debt Redemption Fund.

Name

Address

Cheques may be made payable to "The Skin Hospital Birmingham"
and crossed "Midland Bank Limited."

BANKER'S ORDER FORM

To Messrs

..... Date.....

*Please pay to THE MIDLAND BANK LIMITED, New Street, Birmingham, 1,
to the credit of the Account of THE SKIN HOSPITAL BIRMINGHAM the sum of
..... Guineas, being my annual subscription to the
General funds of the Hospital for the current year and continue the same payment
on the first day of * January (or July) annually until countermanded.*

Signature

Address

..... £.....:.....

Note.—Annual Subscribers will greatly facilitate the Collection of their
Subscriptions if they will kindly fill in this Order on the Bankers and send
it to the House Governor at the Hospital. It entails no liability beyond
the Annual Payment, and may be cancelled at any time.

*Please strike out word(s) not applicable.

HOW YOU CAN HELP THE HOSPITAL

- (1) Become or find a new Annual Subscriber.
 - (2) If you are already a Subscriber. By subscribing under Covenant and permitting the Hospital to recover Income Tax at the rate in force.
 - (3) Make a special donation towards eliminating the accumulated War-time Deficit of £14,000.
 - (4) Organise Concerts, Dances, Whist Drives, etc., in your locality. Service of this kind is invaluable.
 - (5) Send gifts in kind.
-

TODAY'S MAINTENANCE EXPENDITURE IS £24,448
COMPARED WITH £14,862 FOR 1938.

MUCH OF THIS HEAVY INCREASE WILL BE PERMANENT.

GREATLY INCREASED VOLUNTARY INCOME IS AN
URGENT NECESSITY.

WILL YOU PLEASE HELP?

THE SKIN HOSPITAL BIRMINGHAM
(Incorporated)
